

WOMEN IN EMI PANEL DISCUSSION

May 31, 10:50 am-12:20pm, La Salle 2

This is a great opportunity to meet women leaders within our EMI community. Come and hear from successful women in EMI on the trials and tribulations of their journey, and about their motivation for their career choices and decisions. You will be able to interact with leaders in our engineering mechanics community and grow and build your networks.

All are welcome!
